

From Smuk3D library:

```
// Constants for wooden track parts:
function wood_width()      = 40;
function wood_height()     = 12;
function wood_well_height() = 9;
function wood_well_width() = 5.7;
function wood_well_spacing() = 19.25;
function wood_plug_radius() = 6;
function wood_plug_neck_length() = 12;
```
